SANITARY INSPECTORS.

The Sanitary Commissioner should arrange to invite applications from young men who have passed the Matriculation Examination for being trained as Sanitary Inspectors (Vide para 4 of the Government Order No.9301-19/Ml.67-03-2, dated the 8th April 1905). When the training is over, the Sanitary Commissioner should maintain a register of duly qualified candidates available for employment and communicate quarterly an extract from the register to the Presidents of the several District and Municipal Boards for making their selections from the lists thus communicated when necessary (vide G.O.No.3517-27/Ml.430-04-21, dated the 3rd November 1906).

In G.O. No.8135-6/San.127-10-6 dated 3rd May 1912 the opening of a school at Bangalore for training Sanitary Inspectors was sanctioned. It was working till 1920, and was then discontinued. When the question of training Sanitary Inspectors was further taken up in 1923, the Senior Surgeon wrote in his letter dated 5th September 1923 that in all not more than a dozen Sanitary Inspectors would be required during the next three years, assuming that the local bodies which have not yet appointed Sanitary Inspectors can find money for creating the appointments. He stated in a subsequent letter that the Sub

Appointment of Mr. J.J. Simon as Chief Sanitary Inspector.

Mr. B. Srikantaiya, Chief Sanitary Inspector of Kolar District having been granted combined leave from 17th June 1925 up to 27th November 1925 preparatory to retirement, the Sanitary Commissioner has recommended the appointment of Mr. J. J. Simon, Sub Assistant Surgeon on Rs.72 per mensem attached to the Local Fund Dispensary, Harihar, as Chief Sanitary Inspector in the above vacancy on Rs.100-10-150 per mensem. When asked for his reason for the selection, he has reported that he has nominated him in view of the good work done by this official in the Hassan District while he was in charge of the duties of the Chief Sanitary Inspector of the District and of the need for the selection of young and energetic men as Chief Sanitary Inspectors of Districts.

In the above circumstances I agree with the Sanitary Commissioner in the above recommendation, and solicit the gracious approval of His Highness to the same.

11/12/25

Letter no C 857-2 of 7.8.1925
from the Sanitary Commissioner
Singapore to the Secretary to Govt
Local & Legislative Department.

With reference to your letter no L.8698/
San 18-26 6 of 8.6.1925 asking
for my opinion on the remarks
made by my predecessor in para 53
of the annual report on Sanitation for
the Calendar year 1923, regarding the appoint-
ment of Chief Sanitary Inspectors, I have
the honour to state that I admit that some
administrative changes are necessary for
improved efficiency in certain directions.
But the absolute condemnation of the
existing arrangement which is being tried
as an experiment - "as a failure both in
point of efficiency & economy" is hardly
justified. Where a Chief Sanitary Inspector
takes interest in his work & is properly super-
vised, he can turn out a great deal of useful
work. × × ×

The Chief Sanitary Inspector under the
existing arrangement stands aloof from
the ~~existing~~ established organisation for
combating epidemics, the work in connection
with which now devolves mainly on the
Medical department. × × ×

That the brunt of the really useful work
devolves on the District Medical Officers is
not at all surprising seeing that there is no
one better fitted in the districts - both by training and

and by manning to correctly gauge the gravity of an epidemic situations, take timely precautions. Coordinate efforts and direct present x x x measures in an right channels & the President of the District Board cannot in the very nature of things, be expected to exercise direction & supervision in these matters as efficiently as the district medical officer and by just as much as the supervision falls short of the required standard, by so much the usefulness of the Chief Sanitary Inspector suffers. x x x. He would certainly be better employed, if his movements during epidemics were regulated by the Dt medical officer. I would therefore propose that for purposes of epidemic prevention only, the Chief Sanitary Inspector should be placed in subordination to the District Medical Officer

I may add that this arrangement need not interfere with the Continuance of the Chief Sanitary Inspector's subordinate relationship to the President of the District Board, who will Continue to exercise the disciplinary control as heretofore. Only in the matter of epidemic prevention, all orders to the Chief Sanitary Inspector and all reports from him should pass through the District Medical Officer.

Secretary to the Government of Mysore,
Local & Legislative Departments, BANGALORE.

Sir,

Adverting to Government Proceedings No. L. 127-9/San. 8-24-11 dated the 7/9th July 1925, I have the honor to recommend the appointment of Mr. J.J. Simon. Sub Assistant Surgeon at present attached to the Hardhal Dispensary as Chief Sanitary Inspector in the vacancy that will occur from the 17th November 1925, consequent on the retirement of Mr. B. Srikantaiya, Chief Sanitary Inspector, Kolar District. Mr. J. J. Simon is now in the 1st Class of Sub Assistant Surgeons on a pay of Rs.72/- per mensem. He was on a previous occasion placed in charge of the duties of the Chief Sanitary Inspector Hassan District temporarily and during nearly four months that he was so employed, he showed special apptitude and capacity for the work. He has also a good physique. I need hardly mention the desirability of appointing as Chief Sanitary Inspectors, only young and energetic men of proved fitness for the Sanitary Department. Mr. J.J. Simon has reported to me that he is willing to accept the appointment.

I have the honor to be,
Sir,
Your most obedient servant,

M Mahomed

Enc. One

OFFICE OF THE SANITARY COMMISSIONER
with the Government of Mysore,

Bangalore, dated the 10th August 1925.

From

B. MAHOMED USMON, ESQ., L.M. & S.,
Sanitary Commissioner with the Government of
His Highness the Maharaja of Mysore, BANGALORE.

To

B. NAGAPPA, ESQ., Bar-at-Law,
Secretary to the Government of Mysore
Local and Legislative Departments, BANGALORE.

Sir,

In acknowledging receipt of your letter No L.791/San.. 3-25-2 dated the 5th August 1925, I have the honor to state that the opinion called for by Government in regard to the usefulness of the Chief Sanitary Inspectors, has been submitted in this office M letter No. C.856-2 dated the 7th Instant.

2) As desired in para 2 of your letter, I enclose a statement showing the names, age and the length of service of the existing Chief Sanitary Inspectors and also the age and service of Mr. J.J. Simon.

3) It will be seen that Mr. Simon is 38 years of age and has a service of about 9 years, being one of the Sub Assistant Surgeons who were entertained on a special minimum under the sanction conveyed in Government Order No. 2172-3 dated the 12th October 1917. I may add that in recommending Mr. Simon for the vacancy of Chief Sanitary Inspector I am actuated by two considerations, firstly because the President, District Board, Hassan under whom he worked as Chief Sanitary Inspector has been asking for his services again in the District and secondly because there is real need - so far as this class of appointments is concerned - for a judicious selection of young and energetic men whose outlook is not limited to just marking time for approaching retirement. The new scheme should be provided with fair chances for successful working, before subjecting it to unqualified condemnation (please vide para 53 of the Annual

Sanitary Report for 1923) and the most essential requirement for this is, of course, the proper type of subordinate appointed to the charge.

I have the honor to be,

Sir,

Your most obedient servant,

SANITARY COMMISSIONER, M.G.

Rmc....

Office of the Sanitary Commissioner with the Government of Mysore,

Bangalore, dated the 16 Septr. 1925.

GENERAL & REVENUE 21452 29. SEP. 1925

From

B. MAHOMED USMON, ESQ., L.M. & S.,
Sanitary Commissioner with the Government of
His Highness the Maharaja of Mysore, BANGALORE.

To San 3-25-5.

B. NAGAPPA, ESQ., Bar-at-Law,
Secretary to the Government of Mysore,
Local and Legislative Departments, BANGALORE.

Sir,

With reference to your letter No. L. 1238/San. 3-25-4 dated the 16th September 1925, enquiring whether there is no one among Sub Assistant Surgeons senior to Mr. Simon, who is eligible for the appointment of Chief Sanitary Inspector, I have the honor to state that as already explained in my letter No. C.33-3 dated the 10th August 1925, the question of seniority was not given an important place in the choice for the vacancy. According to the graduation list there are 30 Sub Assistant Surgeons senior to Mr. Simon in the first class on Rs.72/-; seven in the special grade on Rs.77/-; twelve in the senior grade on Rs.87/- and six in the highest grade on Rs.97/-. I may note, further, that on the last occasion a vacancy was similarly filled up by the appointment of Mr. D. Nur Singh in September 1923, there were twenty-four Sub Assistant Surgeons senior to him in these several grades. As you will agree, the selection of any Sub Assistant Surgeon from the cadre for appointment as a Chief Sanitary Inspector involves no supersession such as would arise if the appointment had been in the Medical Department itself. The question is, I venture to state merely the selection of the fittest man, as judged by known capacity and aptitude for the work. Moreover, the transfer of a subordinate from the Medical to the Sanitary Department must carry with it sufficient compensatory remuneration for loss of private practice. Otherwise, the result will be discontentment and

and inefficiency, - the two things most to be guarded against for reasons explained in my letter No.C.856-2 dated the 7th August 1925.

Flag E.

2. As reported in my letter of the 10th August 1925 one of the considerations that weighed in the selection of Mr. Simon for the vacancy was the fact that the President of the District Board, Hassan under whom he served as Chief Sanitary Inspector for some time, has warmly commended his work and has been asking for his services again in the interests of the Sanitary Department in the district. A subordinate with a record of service approved by a non-official President, seemed to me to be just the type of man who by temperament as well as aptitude was well suited for the place - particularly in view of the need for improved efficiency in the existing tentative arrangements pertaining to sanitary administration in districts.

3. If the Government do not agree with me in these views I shall ascertain from the several Sub Assistant Surgeons whether they are willing to serve in the Sanitary Department and submit a list of such of the men as are willing, for the orders of Government.

I have the honorto be.

Sir,

Your most obedient servant,

A.R.M.

Sanitary Commissioner, M.G.

To

B. Nagappa, Esqr., Bar-at-law.,
Secretary to the Government of H.H. the
Maharaja of Mysore, L.& L.Depts., B'lore.

Sir,

Samy 3-25-7

In reply to your letter No.L.3417/San.3-25-16 dated the 10th November 1925, enquiring whether the cadre of Sub Assistant Surgeons has been increased on account of the appointment of some of them as Chief Sanitary Inspectors, I have the honour to state that such appointments involved no change in the sanctioned cadre of Sub Assistant Surgeons. The men ceased to be Sub Assistant Surgeons so soon as they were appointed to the cadre of Chief Sanitary Inspectors, which is a sanctioned cadre distinct by itself and unconnected with that of Sub Assistant Surgeons. Vacancies among Sub Assistant Surgeons that occur from time to time consequent upon recruitment to the cadre of Chief Sanitary Inspectors are being filled up by the absorption of passed medical pupils into the regular cadre. So far, six vacancies have been filled up in this manner.

2. The gradation list of the Medical Department is printed only once in three years and the copies printed in 1922 are now out of date. The list will be brought up to 31st December 1925 and passed on for printing early in January 1926. I hope to submit six copies of the revised list to Government early in February 1926.

I have the honour to be,
Sir,
Your most obedient servant,

B Mahomed

No. F 33-7

Office of the Sanitary Commissioner in Mysore,

Dated Bangalore, 11th November 1925.

From

Dr. B. Mahomed Usmon. L.M.S.,
Sanitary Commissioner
in Mysore, Bangalore.

GENERAL & REVENUE SECRETARIAT. 3250L 13 NOV. 1925

GEN. & REV. SECTT. 12 NOV. G. D. SECTION.

B. Nagappa, Esqr.. Bar-at-law.,
Secretary to the Government of H.H. the
Maharaja of Mysore, L.& L.Depts., B'lore.

Sir,

Secy 3-25-7

In reply to your letter No.L.3417/San.3-25-16 dated the 10th November 1925. enquiring whether the cadre of Sub Assistant Surgeons has been increased on account of the appointment of some of them as Chief Sanitary Inspectors, I have the honour to state that such appointments involved no change in the sanctioned cadre of Sub Assistant Surgeons. The men ceased to be Sub Assistant Surgeons sd soon as they were appointed to the cadre of Chief Sanitary Inspectors, which is a sanctioned cadre distinct by itself and unconnected with that of Sub Assistant Surgeons. Vacancies among Sub Assistant Surgeons that occur from time to time consequent upon recruitment to the cadre of Chief Sanitary Inspectors are being filled up by the absorption of passed medical pupils into the regular cadre. So far, six vacancies have been filled up in this manner.
